

Use visuals for self management

Build a shared understanding of the meaning of the visuals you use as some ākonga may focus on unexpected parts of the image.

- ✓ Make visuals of daily tasks, processes and steps.
- ✓ Label resources with visuals, colours and text for easy identification.
- ✓ Use charts, visual calendars, colour-coded schedules, visible timers, and visual cues to increase the predictability of regular activities.
- ✓ Offer graphic organisers and flowcharts to break tasks into shorter chunks.
- ✓ Use visuals and video models to support learning of new skills or behaviours.
