

Take a multi-sensory approach

Offer students multiple opportunities to build understanding using all their senses.

- ✓ Offer real experiences, physical activities and manipulables to support understanding.
- ✓ Support text and spoken information with photos, graphics, audio, and video.
- ✓ Present digital text rather than printed text so that students can personalise it by changing the font size and design or by listening to it.
- ✓ Use blogs, wikis, and online tools such as Moodle to bring together different versions of content in one place (for example, by using a YouTube video, a graphic, and some text).
