

Support attention, focus and independence

Aim to increase student independence by providing just enough support. Build these approaches into the way you teach.

- ✓ Break learning into short, focused and clearly defined tasks.
- ✓ Vary the level of demand from task to task.
- ✓ Provide clear instructions that are visually displayed and can be easily returned to.
- ✓ Vary the level of support as necessary and teach buddies how to provide support.
- ✓ Provide a variety of technologies to support learning, for example, an iPad or a computer.
- ✓ Create an activity box for times when the student needs a change of activity or time out.
