

# Support organisation with visuals

Help students to be able to locate resources, plan their work, and organise their thoughts with visuals.

- ✓ Label key areas of the classroom and resources with visual and text labels.
- ✓ Use charts, visual calendars, colour-coded schedules, visible timers and visual cues to increase the predictability of regular activities, transitions between environments and activities, and changes in discussion topics.
- ✓ Make graphic organisers and flow charts available to support breaking tasks into chunks, and thinking and planning in all curriculum areas.
