

Plan for successful transitions

Plan ahead for students changing schools, moving on to secondary school or leaving school.

- ✓ Ask the student about their concerns and their ideas about the best ways to support their transition.
- ✓ Talk to the SENCO at the new school or your school's Learning Support Coordinator to find out about the learning environments they will be moving to.
- ✓ Give the student the opportunity to spend time in their new school, meeting their teachers and other students and visiting the classrooms where they will work.
- ✓ If the student would find it helpful, work with the new school to introduce them to a buddy to support the transition.
- ✓ Support students to practise the skills needed for job interviews.
