Support learning at home

Strategies to support whānau to support their children's learning at home.

- Meet face-to-face to model particular strategies or make a video to model a particular strategy or approach.
- Create opportunities where students can draw on the expertise and experience of their family/whānau and work together on a project.
- Maintain a class blog or a weekly email to families/whānau, where you share the class focus and encourage them to share resources and ideas.
- Avoid setting up situations where you are encouraging whānau to supervise homework.
- Develop a shared language about learning and achievement with students and their parents and whānau so everyone is on the same page.
