

Focus areas years 9-10

Ensure programmes affirm sexuality and gender diversity and identify and respect the diverse values and beliefs of students and the community.

Students in years 9–10 will learn about:

- intimate relationships and positive sexual health
- managing their own sexual health and accessing health care
- conception, contraception and sexually transmissible infections
- the physical and emotional effects of sexual identity, sexual attraction, and sexual maturation
- identifying skills for positive and supportive intimate relationships
- human rights, consent, and the importance of choice and agency in relationships
- strategies to support positive engagement in online and social media environments
- strategies for seeking help and support.
