

Make changing rooms safe

A student should be able to change clothes safely in a changing room, no matter who they are.

All students should have the option of changing in:

- the facility that aligns with their gender,
- a single stall or cubicle within a larger changing room,
- a separate space or bathroom nearby.

Students may choose to use gender-neutral facilities for many reasons beyond gender. It can help to normalise these facilities, reducing the likelihood that students will be teased or singled out when using them.
