

Embed inclusive language

Even small gestures can feel enormous to an individual student.

Consider ways to increase the use of gender-diverse language in your classroom.

Consider presenting:

- a short story with same-sex parents in the family
- a maths problem where Dan and his boyfriend, Jai, order a pizza
- scenarios with gender-neutral language
- visuals and images that represent diverse genders and sexualities
- LGBTIQ+ role models, such as artists, writers, and historical figures in class topics.
