

Introduce your school to new students

Ideas for familiarising students with your school.

- ✓ Introduce the students and parents to staff they will be interacting with. Provide names, photos and contact details.
- ✓ Provide opportunities for new students to engage with current students in an activity.
- ✓ Ensure the student can ask questions during the tour of the school and provide a map for visual support.
- ✓ Identify students who will be buddies to the new student.
- ✓ Consider what you do for all students first, then look at what you need to do that is different for a student who needs additional support.
- ✓ Evaluate your school's transition process – ask students and parents for feedback after they have been at school for a term.
