

WHAT'S INSIDE THE ONLINE

Universal Design for Learning (UDL) guide

inclusive.tki.org.nz/guides/universal-design-for-learning

Strategies and suggestions for meeting the diverse and variable needs of all students

→ Click to view section on the TKI website

Success for All
every school • every child

MINISTRY OF EDUCATION
TE TĀHUHU O TE MĀTAURANGA

Understanding UDL →

UDL and *The New Zealand Curriculum* →

UDL and the NZC
Supporting the inclusion principle
Learner orientated systems
UDL in an NZ classroom

Learn about the origins and purpose of UDL →

Where UDL began
UDL at a glance
Planning for predictable variability
The value of universal approaches
Benefits of UDL

Gain an overview of the UDL framework, its principles and guidelines →

Neuroscience and UDL
3 principles of UDL
UDL Guidelines
Using UDL Guidelines

Apply UDL to school-wide systems and processes →

Impact of implementing UDL
Professional learning approach
Inclusive systems and processes
Inclusive design of physical spaces

Supporting engagement in learning →

The affective network and how it impacts motivation and participation →

Understand the affective network
The “why” of learning
Supporting the affective network
Emotional triggers
Summary

Provide flexible options to support student interest →

Overview
Support choice and autonomy
Increase relevance and value
Minimise threats and distractions
Reflection questions

Provide options for sustaining effort and persistence →

Overview
Create goals and scaffold challenge
Foster collaboration
Provide mastery-oriented feedback
Reflection questions

Provide options for self-regulation →

Overview
Introduce the learning pit
Tools to manage emotions
Options to reflect on learning
Reflection questions

Offering multiple representations of information →

The recognition network and how we make sense of presented information →

Understand the recognition network
The “what” of learning
Present information in different ways
Identify barriers
Summary

Provide options for perception →

Overview
Benefits of digital text
Closed captions audio alternative
Provide multiple supports
Reflection questions

Provide options for language, mathematical expressions, and symbols →

Overview
Access to new language
Understanding across languages
Use multiple media
Reflection questions

Provide options for comprehension →

Overview
Activate background knowledge
Patterns and big ideas
Options for processing and generalising
Reflection questions

Enabling action and expression →

The strategic network and how we create, plan and share learning →

Understand the strategic network
The “how” of learning
Identify barriers
Summary

Provide options for physical action →

Overview
Support flexible pathways
Provide digital options
Minimise barriers
Reflection questions

Provide options for expression and communication →

Overview
Multimedia for communication
Offer both physical and digital tools
Build in scaffolding
Reflection questions

Provide options for executive functions →

Overview
Guide goal setting
Support self management
Monitor personal progress
Reflection questions

Planning using UDL in primary settings →

Getting started with UDL →

Tips from educators
Teacher perspectives
Using the Guidelines
Put UDL lens on an activity

Prepare the physical and virtual environments for flexibility and personalisation →

Student-led design for diversity
Design for personalisation
Provide comfortable furnishing
Inclusive design online
Self reflection

Refine and support goal setting →

Purposeful goals
Share goals in multiple ways
Support planning and action
Separate goals from means
Self reflection

Match teaching methods to student preferences →

Students’ experiences of UDL
Use multiple approaches
Communicate in multiple ways
Know your learner
Self reflection

Ensure materials and resources are flexibly designed and accessible to all →

Utilise technologies
Increase flexibility of content
Offer options for expression
Text to speech
Self reflection

Design assessments to enable students to demonstrate their understanding →

Design assessments with UDL
Minimise threats and barriers
Assessment accessibility
Options for expressing learning
Self reflection

Planning using UDL in intermediate and secondary settings →

Getting started with UDL →

Tips from educators
Teacher perspectives
Using the Guidelines
Put UDL lens on an activity

Prepare the physical and virtual environments for flexibility and personalisation →

Student-led design
Expecting variability
Form fits function
Inclusive design online
Self reflection

Refine and support goal setting →

Increase relevance and authenticity
Separate goals from means
Support individual goal setting
Self reflection

Match teaching methods to student preferences →

Ask students what can help
Offer online versions
Teach for diversity
Design for engagement
Self reflection

Ensure materials and resources are flexibly designed and accessible to all →

Offer flexible materials
Benefits of digital text
Text to speech
Self reflection

Design assessments to enable students to demonstrate their understanding →

Design assessments with students
Assessment fit for purpose
Support success in assessments
Align design to UDL
Self reflection
