

School High Health Needs Fund

As part of your transition process consider whether a student is eligible to receive support.

Students may be eligible if they:

- have severe allergies, asthma, or eczema and could react to common allergy triggers at school
- need someone with them to make sure they don't come into contact with anything that could trigger an allergic reaction
- need someone to carry out emergency treatment if they go into anaphylactic shock.

For more information, refer to the [Eligibility Criteria High Health Needs Fund](#).
