## Health and safety policies

Comply with legal responsibilities – **NAG 5**.

Review your health and safety policy and supporting procedures, using the **EOTC SMP policy and procedure template**.

- Identify those at risk of anaphylaxis from your student data.
- Identify those at risk of an allergic reaction from your student data.
- Minimise risks to triggers that could result in anaphylaxis, including food, insect venom, and latex.
- Ensure quick access to students' ASCIA Anaphylaxis or Allergy Action Plans.
- Ensure quick access to students' adrenaline, such as EpiPens.
- Ensure allergy medication, such as antihistamines and EpiPens, is available at all times and is up-to-date.
- Identify emergency procedures for students at risk of allergic reactions.
- Train all staff to recognise and deliver first aid to a child experiencing an allergic reaction or anaphylaxis.
