

Manage risk of anaphylaxis

Ensure you have procedures in place to manage food allergies safely, avoiding accidental exposure.

- ✓ Supervise children eating lunch outdoors or in new environments.
- ✓ Plan ahead to ensure any food purchased for trips or brought on the day is safe for students with food allergies.
- ✓ Do not allow food to be shared.
- ✓ Provide access to handwashing facilities.
- ✓ Clean surfaces where food is served to prevent the cross-contamination of allergens.
