

# Useful resources

Visual scene displays assist children having difficulties developing verbal skills.

These displays can be particularly useful for children with ASD who are emergent communicators.

## Visual scene displays: Creative ways to promote communication

Read time: 7 min

An explanation of what visual scene displays are, ideas on how to use visual scene displays, and the benefits for students with learning difficulties.

## Scene Speak

Scene Speak is a customisable app that provides a framework on the iPad to create interactive visual scene displays and social stories. Scene Speak allows an image to be edited with active “hotspots”. An image can have multiple “hotspots” that can be edited to add sound, text labels, or link to another visual scene. Images with text can be added into “books” by theme or area of interest.

Publisher: Good Karma Applications, Inc.

Price: **One off charge \$9.99**
