Understand and manage sensory differences

Work with students and whānau to understand sensory differences, minimise sensory triggers, and create a positive learning environment.

- ✓ Understand how the student is affected by different types of sensory input.
- ✓ Understand behaviour triggers such as sensitivity to sounds, lighting, tastes, colours, smells, textures or fabrics.
- ✓ Develop the student's awareness of their sensory challenges and strategies to cope with overload and anxiety.
- ✓ Develop and share systems to identify and manage the early stages of sensory overload.
