

Celebrate different types of success

By celebrating different types of success schools can demonstrate their commitment to learners with different strengths. Consider different types of success and how they are valued and celebrated within the school.

For example, students may show strengths such as:

- demonstrating school values
- cultural or spiritual values
- qualities such as kindness and positivity
- leadership skills
- interpersonal skills
- academic success
- sporting success
- physical skills
- excellence in creative arts or craft
- excellence in building and trade skills
- individual pursuits such as climbing or skateboarding.
