

Work together

He Pikorua, the Learning Support Practice Framework, outlines the key ways to work together to plan for goal-oriented action.

The team agrees to the approach to take.

- Clarify a plan's purpose with the team and include actions that will meet achievable short- and long-term goals, based on agreed outcomes.
- Agree roles and responsibilities with all team members as part of planning.
- Discuss options for any interventions with the team, and take into consideration the environment, resources and capacity of those implementing the intervention.
- Design the plan to be flexible and responsive to any changing needs and circumstances that might affect the mokopuna and whānau.
- Focus long-term goals on developing the skills of people or the contextual supports around the mokopuna.
- Consider strengthening capability in the setting to ensure the plan continues to be followed once the team is no longer involved.
