

# Make it work in your school

A local curriculum brings  
The New Zealand  
Curriculum to life at your  
school. It is responsive to  
the needs, identity,  
language, culture,  
interests, strengths and  
aspirations of your  
learners and their  
families.

You can't just pick up what another school's done. There's no recipe. What you might do will be different to us because of your community, your students, your location. The process of giving effect to the national curriculum is about making it work in your school.
