

Give options for student expression

Provide options for students to express what they know in a variety of ways.

- ✓ Create opportunities where students can personalise learning tasks and projects and build on their knowledge, experience and strengths.
- ✓ Develop success criteria with the students.
- ✓ Encourage independent and collaborative work in different formats, such as mind maps, videos, photos, podcasts and diagrams.
- ✓ Make learning tools available to all students across the curriculum, for example, text-to-speech, graphic organisers, planning tools, storyboards, voice recorders.
- ✓ Use collaboration, peer mentoring and cooperative learning models.
- ✓ Assess understanding and presentation separately.
- ✓ In exams and assessments, provide a reader-writer who reads the questions aloud and writes down the student's answers.
