

Consider areas to differentiate

Areas where adaptations and differentiations might be needed.

- ✓ The amount of work or size of projects may need to be altered.
- ✓ Encouragement to complete work in small, manageable chunks. Students beginning a big project may need help organising an individual plan for completing it.
- ✓ Smaller projects with a gradual work up toward larger ones (for students who tire easily).
- ✓ More time to complete in-class tasks.
- ✓ Support for managing perfectionism, for example, being too fussy and not completing tasks on time.
- ✓ Flexible time schedules. Make assignments due over the course of several days or even weeks. Provide a time range during which an assignment may be submitted.
