

Develop motor skills

Give students multiple opportunities to develop skills and master essential tasks.

- ✓ Focus on essential tasks or skills the student is interested in.
- ✓ Break a task down into small steps.
- ✓ Support the steps with visuals.
- ✓ Teach and practise the steps regularly to build into a movement sequence.
- ✓ Provide multiple options to develop essential skills. For example, use small play items to develop fine motor skills for writing.
- ✓ Provide alternative means of completing tasks. For example, Velcro™ shoes while learning to tie shoelaces or as an alternative.
