

Your charter: a vision for every learner

The school charter is the key planning document for your school.

Outline how your school intends to become more inclusive and meet the needs of all students.

In your charter, show:

- what your board wants to achieve for students with learning support needs
- how you intend to achieve the outcomes for these students; for example, your teaching strategies, and how you are going to use your resourcing
- what success will look like for students
- how you will evaluate and assess your progress towards meeting your charter aims and targets and report this in your analysis of variance.
