Value parental knowledge

Invite families to share approaches that are successful at home to build continuity and strengthen engagement and learning approaches.

- ✓ Consider furniture options and physical supports that work well (for example, chairs, table heights).
- ✓ Assimilate known interests, such as favourite colours, sports, and music, into the class.
- ✓ Identify successful calming strategies and replicate these (for example, objects, cushions, dark spaces).
- ✓ Align eating and personal routines with what happens at home.
- ✓ Consider visuals that can be used both at home and school to support understanding.
- ✓ Invite families to bring objects and items from home that are meaningful and offer support for their children.
- ✓ Engage in conversations to identify potential barriers and ask families for solutions based on their personal experiences and expertise.
- ✓ Use phrases and communication techniques that are effective and successful at home.

Work with local iwi

Early engagement ensured the appropriate protocols were considered, including blessing prior to works commencing, relationship/orientation of spaces, reference to mana, whenua narratives through the design of the whare, and pōwhiri for welcoming all new students and other formal occasions.
