Investigate tertiary institutions

When choosing a learning institution, support the student to investigate:

- ✓ trying out courses
- ✓ loans
- ✓ the disability service at the chosen institution
- ✓ training allowances and funds
- ✓ the location, relative to home, family, and relatives
- ✓ the size of the institution and the need for interaction with tutors
- ✓ the atmosphere and other students' experiences at this place.

Support personal organisation skills

Personal organisation and time management are core skills at tertiary level. Introduce students to technologies and systems that students can begin using while still at school.

- ✓ Encourage students to use their mobile devices to schedule alerts and reminders for regular and novel events and task deadlines.
- ✓ Model how to make graphic organisers and flow charts to support planning and thinking.
- ✓ Explore tools such as [Trello](#) to help students structure tasks and break them into smaller manageable ones.
- ✓ Model how to sync calendars between mobile devices.
