Using e-portfolios

A student's portfolio can inform planning for the future and the transition from school. It can be used as, or help inform, a student's curriculum vitae.

It may include:

- ✓ evidence of the student's learning at school and their achievements and activities outside school
- ✓ school reports
- ✓ certificates of achievement and participation
- ✓ work experience assessments, tertiary courses undertaken
- ✓ photographs, video clips
- ✓ a summary of the educational settings attended
- ✓ references and other relevant information.
