Explain ways to help

Project coordinators for **Mutukaroa – A home-school learning partnership** meet with parents at home, work, or school to explain assessments, provide resources, and discuss how they can support their child's learning.

Support learning at home

Strategies for supporting whānau help their children with learning at home.

- Meet face-to-face to model particular strategies or make a video to model a particular strategy or approach.
- Create opportunities where students can draw on the expertise and experience of their whānau and work together on a project.
- Maintain a class blog or a weekly email to whānau, where you share the class focus and encourage them to share resources and ideas.
- Avoid setting up situations where you are encouraging whānau to supervise homework.
