

Seek guidance on personal care

The teacher is responsible for gathering information and briefing the teacher aide.

When a student requires support for personal or physical care, it is the teacher's role to ask a student and their family:

- what information would you like us to be familiar with (for example, details of needs or medical conditions)?
- how can we help?
- what do you need us to do?
- what don't you want us to do?
- what classes or break times you do not want to miss (so these can be worked around)?
