## Create digital stories

Support ākonga learning by having them write in their first language and then translate their writing into English.

## Useful technologies

Break writing processes into a number of discrete activities that are done one at a time, and remove barriers by using appropriate technologies.

- ✓ Support ākonga by using speech-to-text so that they can communicate their ideas effectively.
- ✓ Use recording devices to record ideas orally.
- ✓ Use planning tools and mind maps to organise ideas and provide a structure.
- ✓ Use apps, such as [iWordQ](#) to support reading text, word selection, spelling, and grammar.
