

Create community | Te whai hapori

Each ākonga will be a part of a unique classroom community within their school.

Identify ways to strengthen and build this sense of community with other learners:

- Educate others in the class through Q&A sessions and presentations.
- Model specific ways other students can include ākonga.
- Challenge yourself, kaiako, and students to become aware of their own biases.
- Model having open conversations that are student-led about concerns, fears and issues as they may have as they arise.
