

Implications of variability

All learners demonstrate huge variability in their emotions, motivations, ability to persist, sustain effort and self-regulate.

It is critically important to intentionally design learning contexts that offer a range of useful supports and options so that each student can:

- find a way into the learning experience
- remain persistent in the face of challenge or failure
- continue to build self-knowledge.

When we don't acknowledge and plan for variability, we can inadvertently create barriers to learning and wellbeing for some students.
